

St Francis Volleyball League Rules

2024

Division I

- If time allows, a match will consist of two 25-point games and if necessary one 15 point tie breaker. Points are awarded regardless of which team has the serve.
- If there is not enough time to complete the match, coaches will determine the end of play.
- If the match is decided and time remains, coaches may choose to play until time expires.

Five serve rule:

After a player has served five consecutive points, the serving team will rotate and the new player in the serving position will serve. The five serve limit will apply to the new server and any that follow.

SERVING:

Beginner Servers:

Players who are unable to serve consistently from the baseline (White Line) can serve from the Blue Line (this is the line that is next to the Wide Green Line). After serving two consecutive points from the Blue Line, the player must step back **behind** the baseline.

Refereeing:

The league will supply referees for this division.

Line Judges:

Each team will provide a line judge. The line judge will not switch sides when the teams do so. The line judge does not need to be a coach.

Scorebook and Scorekeeper:

Scorebook – The home team will provide someone to keep the scorebook.

Scorekeeper - The visiting team will provide a scorekeeper
